

EMMANUEL KAMAL MUHAMMED

Product Designer (UI/UX), Brand Designer & Web Developer

Jos, Plateau State, Nigeria | ekamcy@gmail.com | +234 813 040 0445

Brand and product (UI/UX) designer with 7+ years of experience turning user needs into clear, cohesive digital and brand experiences. Background in computer science, with work spanning fintech, edtech, and nonprofit organizations — from payment-platform interfaces to full brand identity systems. Comfortable running user research, building design systems, and working closely with engineering and stakeholders to ship products that work as well as they look.

SKILLS & TOOLS

Core Expertise: UI/UX & Product Design • Web Design & Development • Graphic Design • Creative Direction & Strategy • AI-Assisted Creative Solutions • Brand & Visual Identity Design • Prototyping & Wireframing • User Research & Usability Testing • Design Systems

Tools: Figma, Adobe Creative Suite, CorelDraw

EXPERIENCE

Belema Financial Technology — Product Designer (UI/UX)

Aug 2023 – Aug 2026

Nigeria

- Owned end-to-end visual design for the company's Switching & Processing and Payment Gateway products — color systems, typography, and iconography — for a cohesive, on-brand interface.
- Led user research (interviews, surveys, usability tests) and built user personas that guided design decisions across the product team.
- Designed wireframes and prototypes in Figma, iterating with engineering and stakeholders to ship interfaces that met both design and technical requirements.
- Built and maintained the company's design system and brand guidelines as a shared reference for cross-functional teams.
- Ran competitive audits of peer fintech products to identify gaps and opportunities for the roadmap.

Edatech — Product Designer

Dec 2022 – Oct 2023

London, United Kingdom (Remote)

- Designed website and mobile app interfaces for Edatech's learning platform, prioritizing clarity and ease of use.
- Built wireframes and interactive prototypes to validate design direction ahead of development handoff.
- Partnered with developers and product stakeholders to keep every screen aligned with both design intent and technical constraints.
- Ran usability testing sessions to surface friction points and refine the interface before release.

Skill Seeds Limited — UI Designer (Contract)

Oct 2022 – Jul 2023

Nigeria

- Designed web and mobile interfaces for Skill Seeds' digital products as the sole UI designer on the engagement.

O.C.H.E — Social Media Manager (Contract)

Jan 2023 – Jul 2023

Abuja, Nigeria

- Set social media strategy, defining target audience and content goals across platforms.
- Planned and published content — posts, videos, and infographics — to build consistent engagement.
- Managed day-to-day community engagement, including contests and giveaways, to grow interaction.

Faithmoves Foundation — Brand Designer & Social Media Manager

Mar 2018 – Aug 2023

Kaduna State, Nigeria

- Created and implemented brand identity and visual style guidelines, unifying the Foundation's look across print, digital, and program materials.
- Designed logos, social graphics, and program collateral that gave the Foundation a consistent, recognizable presence for the first time.
- Managed the Foundation's social channels — content planning, campaigns, and direct follower engagement — to grow its community.

- Researched audience preferences and trends to inform brand strategy and content planning.

Abba's House Church — Brand Designer, then Product Designer

Mar 2018 – Jan 2023

Bauchi State, Nigeria

- Started as Brand Designer (2018–2019): created church flyers and collaborated across ministry teams on monthly banners, weekly flyers, and other digital assets for a consistent church-wide image.
- Moved into Product Designer (2019–2023): designed the church's website and mobile app, built wireframes and prototypes, and ran usability testing to improve the member experience.
- Worked directly with developers and stakeholders to ensure designs shipped met both visual and technical requirements.

FREELANCE

Revelation City Music — Graphic Designer (Part-time)

Apr 2021 – Aug 2026

Nigeria — ongoing alongside full-time roles above

- Developed logos, color schemes, typography, and visual style guides defining the label's brand identity across platforms.
- Produced print and digital content — brochures, flyers, posters, banners, and social graphics — to support releases and promotions.
- Designed graphics, infographics, and multimedia content for social media campaigns.
